BO of TR

BO: From TR

BO below TR

TR in Broad Bear Channel
It is bear flag in tight bear channel on higher time frame
Expect bear BO

Strong BO and follow-through
Consecutive big bear bars closing near low
Look to the left: breaking below all recent lows
More likely to be MG than EG

Exhaustion Gap: Became Measuring Gap

Biggest bear bar after 20 or more bars in bear trend
Usually 60% chance of Exhaustion Gap Bar
Here, was more of BO below TR
so 50% chance of Measuring Gap and MM down

Bear BO: Good Low 2, Bad Low 1

Low 2 bear flag below EMA in tight bear channel
Bottom of TR
S below bear bar for MM down

Big bear BO bar
Follow-through bar has bear body
so confirmation of BO
At least one more leg down likely

Low 1, but doji after bull bar
Weak S setup
Wait to S Low 2
